surcharges. Road tax is calculated on the basis of the road, not the type of vehicle being driven, so if you are driving a car, truck, motorcycle, motorbike or cycle, you should be paying road tax on that road. The next road tax invoice will be sent to your home address on the 10th of the month following the period on which the road tax is due. You will receive an email in your inbox when your road tax is due. If you miss the email, you can access your road tax online by visiting the Road Tax Service or by calling 03 9015 0700. Reducing the road tax on your vehicle can only be done at your local Road Tax Office. All of these have similar policies. If you plan to move your vehicle to a different road in another state or region, you may be required to pay different amounts of road tax. See our page on where to get more information about where to find the new Road Tax Office. We are committed to improving our service and reducing the amount of time it takes you to get your Road Tax. To provide an improved service, we must improve our IT systems and processes. If you have any questions about the Road Tax Service, please call us on 03 9015 07 82157476af
